Funding Agency: United States Department of Justice. Bureau of Justice Statistics

Distribution Statement

Distributor: Inter-university Consortium for Political and Social Research

Series Statement

Series Name: Uniform Crime Reporting Program Data Series

Series Information: Since 1930, the Federal Bureau of Investigation (FBI) has compiled the Uniform Crime Reports (UCR) to serve as periodic nationwide assessments of reported crimes not available elsewhere in the criminal justice system. With the 1977 data, the title was expanded to Uniform Crime Reporting Program Data. Each year, participating law enforcement agencies contribute reports to the FBI either directly or through their state reporting programs. ICPSR archives the UCR data as five separate components: (1) summary data, (2) county-level data, (3) incident-level data (National Incident-Based Reporting System [NIBRS), (4) hate crime data, and (5) various, mostly nonrecurring, data collections. Summary data are reported in four types of files: (a) Offenses Known and Clearances by Arrest, (b) Property Stolen and Recovered, (c) Supplementary Homicide Reports (SHR), and (d) Police Employee (LEOKA) Data (Law Enforcement Officers Killed or Assaulted). The county-level data provide counts of arrests and offenses aggregated to the county level. County populations are also reported. In the late 1970s, new ways to look at crime were studied. The UCR program was subsequently expanded to capture incident-level data with the implementation of the National Incident-Based Reporting System. The NIBRS data focus on various aspects of a crime incident. The gathering of hate crime data by the UCR program was begun in 1990. Hate crimes are defined as crimes that manifest evidence of prejudice based on race, religion, sexual orientation, or ethnicity. In September 1994, disabilities, both physical and mental, were added to the list. The fifth component of ICPSR's UCR holdings is comprised of various collections, many of which are nonrecurring and prepared by individual researchers. These collections go beyond the scope of the standard UCR collections provided by the FBI, either by including data for a range of years or by focusing on other aspects of analysis.

Study Scope

Subject Information

Keyword(s): arrests, crime rates, crime reporting, crime statistics, disabilities, discrimination, ethnicity, hate crimes, homophobia, law enforcement, offenses, prejudice, racial tensions, religion, Uniform Crime Reports, violence

Topic Classification(s): Studies That Include Heterosexual Populations, Social Institutions and Behavior, Crime and the Criminal Justice System, Homicide Studies, Official Statistics, Terrorism

Abstract

- Study 34583 -

In response to a growing concern about hate crimes, the United States Congress enacted the Hate Crime Statistics Act of 1990. The Act requires the attorney general to establish guidelines and collect, as part of the Uniform Crime Reporting (UCR) Program, data "about crimes that manifest evidence of prejudice based on race, religion, sexual orientation, or ethnicity, including where appropriate the crimes of murder and non-negligent manslaughter, forcible rape, aggravated assault, simple assault, intimidation, arson, and destruction, damage or vandalism of property." Hate crime data collection was required by the Act to begin in calendar year 1990 and to continue for four successive years. In September 1994, the Violent Crime Control and Law Enforcement Act amended the Hate Crime Statistics Act to add disabilities, both physical and mental, as factors that could be considered a basis for hate crimes. Although the Act originally mandated data collection for five years, the Church Arson Prevention Act of 1996 amended the collection duration "for each calendar year," making hate crime statistics a permanent addition to the UCR program. As with the other UCR data, law enforcement agencies contribute reports either directly or through their state reporting programs. Information contained in the data includes number of victims and offenders involved in each hate crime incident, type of victims, bias motivation, offense type, and location type.

Summary Data Description

Time Period: January 1, 2011 - December 31, 2011

Date(s) of Collection: 2011

Country: United States

Geographic Unit: State, county, and jurisdiction

Unit of Analysis: Crime incident

Universe: Hate crime incidents reported by law enforcement agencies in the United States.

Kind of Data: Event/transaction data

Methodology and Processing

Data Collection Methodology

Data Collector: U.S. Dept. of Justice, Federal Bureau of Investigation.

Mode of Data Collection: Computer-assisted self interview (CASI)

Mode of Data Collection: Self-enumerated questionnaire

Type of Research Instrument: Structured questionnaire

Data Access

Dataset Availability

Location: Inter-university Consortium for Political and Social Research

Extent of Collection: 2 data files + machine-readable documentation (PDF) + SAS setup files + SPSS setup files + Stata setup files + SAS transport + SPSS portable + Stata system files

Data Use Statement:

Citation Requirement: Publications based on ICPSR data collections should acknowledge those sources by means of bibliographic citations. To ensure that such source attributions are captured for social science bibliographic utilities, citations must appear in footnotes or in the reference section of publications.

Deposit Requirement: To provide funding agencies with essential information about use of archival resources and to facilitate the exchange of information about ICPSR participants' research activities, users of ICPSR data are requested to send to ICPSR bibliographic citations for each completed manuscript or thesis abstract. Visit the ICPSR Web site for more information on submitting citations.

Other Study Description Materials

Data Files Description

File Name: Batch Header File

Contents of Files: The Batch Header file contains agency-level information. ICPSR added the variable HC_FLAG to indicate whether any hate crime incidents are included in the Hate Crime Incident-Record File.

File Dimensions:

- No. of Cases: 21,897

- No. of Variables: 54

- Record Length: 283

- Records per Case: 1

- Overall No. of Records: 21,897

Type of File: ASCII

Data Format: Logical record length

Extent of Processing Checks: ICPSR performed checks for undocumented codes, reformatted the data and documentation, and prepared SAS, SPSS, and Stata setup files and SAS transport, SPSS system, and Stata system files. ICPSR did not recode blanks or system missing data to standardized values. Users should note that blanks and missing data may have a substantive meaning under the FBI coding scheme.

Missing Data: Missing data codes are not defined.

Notes

FILE STRUCTURE

The Hate Crime dataset is received from the FBI as one data file with a hierarchical structure. There are two record types. Each police agency is represented by a single batch header (BH) record. For each police agency in the file there are zero or more incident records (IR) which follow directly after the batch header record. Incident records are linked to their corresponding batch header records by the ORI variable.

ICPSR separated the original data file and produced two rectangular data files, a Batch Header File and an Incident Record File. On the Incident Record File the Batch Header File variables were merged in for those agencies that have a hate crime incident.

File-by-File Description

File Name: Incident-Record File

Contents of Files: The Hate Crime Incident-Record file contains one record for every reported hate crime. Variables from the Batch Header file are prepended to each record based on the ORI variable. Additional variables describe the characteristics of the hate crime incident.

File Dimensions:
- No. of Cases: 6,222

- No. of Variables: 179

- Record Length: 478

- Records per Case: 1

- Overall No. of Records: 6,222

Type of File: ASCII

Data Format: Logical record length

Extent of Processing Checks: ICPSR performed checks for undocumented codes, reformatted the data and documentation, and prepared SAS, SPSS, and Stata setup files and SAS transport, SPSS system, and Stata system files. ICPSR did not recode blanks or system missing data to standardized values. Users should note that blanks and missing data may have a substantive meaning under the FBI coding scheme.

Missing Data: Missing data codes are not defined.

ICPSR 34583

Uniform Crime Reporting Program Data: Hate Crime Data, 2011 [Record-Type Files]

Batch Header File

Variable Description

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

REC_BH - HATE CRIME RECORD TYPE

Location: 1-2 (width: 2; decimal: 0)

Variable Type: character

Text: Designates this as the Batch Header

Value	Label
BH	Batch Header

STATNUM - NUMERIC STATE CODE

Location: 3-4 (width: 2; decimal: 0)

Variable Type: numeric

Text:
This is a two-digit value assigned to the state and is used to place the records in order by this value for FBI purposes. The codes are presented in state abbreviation order.

These codes are specific to the FBI. They are not the same as FIPS codes.

Value	Label
50	AK-Alaska

49	WY-Wyoming

ORI - ORIGINATING AGENCY IDENTIFIER

Location: 5-13 (width: 9; decimal: 0)

Variable Type: character

Text: This identifies the agency that is authorized to report crime data to the FBI.

BINCIDNO - BH: INCIDENT NUMBER

Location: 14-25 (width: 12; decimal: 0)

Variable Type: character

Text: This field is set to blanks and is present so that the "incident number" is on every record in the same field position for sequencing purposes.

ORIADDDT - DATE ORI WAS ADDED

Location: 26-33 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the UCR ORI was added or had update activity performed on it by UCR staff.

ORINIBRS - DATE ORI WENT NIBRS

Location: 34-41 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the ORI first began submitting incident-based data to the FBI. Will be blanks if the agency is not yet participating in NIBRS.

CITY - CITY NAME

Location: 42-71 (width: 30; decimal: 0)

Variable Type: character

Text: This is the mailing address city for this agency.

STATECOD - STATE (ALPHA) ABBREVIATION

Location: 72-73 (width: 2; decimal: 0)

Variable Type: character

Text:
This is the state abbreviation

See Numeric State Code for the corresponding numeric state codes as well as the alphabetic codes.

POPGRP - POPULATION GROUP

Location: 74-75 (width: 2; decimal: 0)

Variable Type: character

Text: This shows the population covered by the ORI. Group 0 is possessions; 1-7 are cities; 8-9 are counties. Sub-Group (position 75) is blank when not used. All populations are inclusive.

Value	Label
1	Cities 250,000+
1A	1,000,000+
1B	500,000-999,999
1C	250,000-499,999
2	100,000-249,999
3	50,000-99,999
4	25,000-49,999
5	10,000-24,999
6	2,500-9,999
7	Under 2,500
8	Non-SMSA counties
8A	100,000+
8B	25,000-99,999
8C	10,000-24,999
8D	Under 10,000
8E	State Police
9	SMSA counties
9A	100,000+
9B	25,000-99,999
9C	10,000-24,999
9D	Under 10,000
9E	State Police
0	U.S. Possessions

DIVISN - COUNTRY DIVISION

Location: 76-76 (width: 1; decimal: 0)

Variable Type: numeric

Text:
Geographic division in which the state is located (from 1 thru 9). The states comprising each division are as follows. The divisions are listed within region:

Possessions

Possessions: American Samoa, Canal Zone, Guam, Puerto Rico, Virgin Islands

Region I - Northeast

New England: Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont

Middle Atlantic: New Jersey, New York, Pennsylvania

Region II - North Central

East North Central: Illinois, Indiana, Michigan, Ohio, Wisconsin

West North Central: Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, South Dakota

Region III - South

South Atlantic: Delaware, District of Columbia, Florida, Georgia, Maryland, North Carolina, South Carolina, Virginia, West Virginia

East South Central: Alabama, Kentucky, Mississippi, Tennessee

West South Central: Arkansas, Louisiana, Oklahoma, Texas

Region IV - West

Mountain: Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, Wyoming

Pacific: Alaska, California, Hawaii, Oregon, Washington

Value	Label
0	Possessions
1	New England
2	Middle Atlantic
3	East North Central
4	West North Central
5	South Atlantic
6	East South Central
7	West South Central
8	Mountain
9	Pacific

REGION - COUNTRY REGION

Location: 77-77 (width: 1; decimal: 0)

Variable Type: numeric

Text: Geographic Region in which the Country Division is located. The States and Divisions comprising each Region are shown in Country Division above.

Value	Label
0	Outlying Areas
1	North East
2	North Central
3	South
4	West

AGINDIC - AGENCY INDICATOR

Location: 78-78 (width: 1; decimal: 0)

Variable Type: numeric

Text: Distinguishes counties and colleges and universities from the cities.

Value	Label
0	Covered - by Another Agency
1	City
2	County
3	University or College
4	State Police
5	Other agency
6	Other state agencies
7	Tribal
8	Federal

CORECTY - CORE CITY

Location: 79-79 (width: 1; decimal: 0)

Variable Type: character

Text: This designates if the agency is the core city of a Metropolitan Statistical Area (MSA).

Value	Label
Y	Yes
N	No

COVBYORI - COVERED-BY-ORI

Location: 80-88 (width: 9; decimal: 0)

Variable Type: character

Text: This is the ORI of the agency that submits crime data for the agency represented by the Batch Header. For example, a county will often submit a return which includes the crime data for a city within that county. This field is blank if the agency is not a "covered-by".

FIELDNO - FBI FIELD OFFICE

Location: 89-92 (width: 4; decimal: 0)

Variable Type: numeric

Text: The four-digit numeric code for the FBI field office whose territory covers the agency.

JUDDIST - JUDICIAL DISTRICT

Location: 93-96 (width: 4; decimal: 0)

Variable Type: character

Text: This is the code of the judicial district in which the agency is located. It is a three-digit numeric code followed by a letter which designates the region within the state.

Value	Label
nnnN	Northern
nnnS	Southern
nnnE	Eastern
nnnW	Western
nnnM	Middle
nnnC	Central
nnnA	All of the state

NBRSFLG - AGENCY NIBRS FLAG

Location: 97-97 (width: 1; decimal: 0)

Variable Type: character

Text: This designates whether the ORI in a state is an active NIBRS agency or inactive.

Value	Label
	Inactive
A	Active

INACTDTE - AGENCY INACTIVE DATE

Location: 98-105 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the agency became covered by another UCR agency and is no longer submitting UCR data. Will be blanks if the agency is not covered by another agency.

POP1 - CURRENT POPULATION-1

Location: 106-114 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY1 - UCR COUNTY CODE-1

Location: 115-117 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS1.

MSA1 - MSA CODE-1

Location: 118-120 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP1 - LAST POPULATION-1

Location: 121-129 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP2 - CURRENT POPULATION-2

Location: 130-138 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY2 - UCR COUNTY CODE-2

Location: 139-141 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS2.

MSA2 - MSA CODE-2

Location: 142-144 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP2 - LAST POPULATION-2

Location: 145-153 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP3 - CURRENT POPULATION-3

Location: 154-162 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY3 - UCR COUNTY CODE-3

Location: 163-165 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS3.

MSA3 - MSA CODE-3

Location: 166-168 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP3 - LAST POPULATION-3

Location: 169-177 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP4 - CURRENT POPULATION-4

Location: 178-186 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY4 - UCR COUNTY CODE-4

Location: 187-189 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS4.

MSA4 - MSA CODE-4

Location: 190-192 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP4 - LAST POPULATION-4

Location: 193-201 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP5 - CURRENT POPULATION-5

Location: 202-210 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY5 - UCR COUNTY CODE-5

Location: 211-213 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS5.

MSA5 - MSA CODE-5

Location: 214-216 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP5 - LAST POPULATION-5

Location: 217-225 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

MASTERYR - MASTER FILE YEAR

Location: 226-229 (width: 4; decimal: 0)

Variable Type: numeric

Text: This is the year of the data records for the hate crime master file requested.

QTR1ACT - STATE FIRST QUARTER ACTIVITY

Location: 230-230 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

QTR2ACT - STATE SECOND QUARTER ACTIVITY

Location: 231-231 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

QTR3ACT - STATE THIRD QUARTER ACTIVITY

Location: 232-232 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

QTR4ACT - STATE FOURTH QUARTER ACTIVITY

Location: 233-233 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

F1QACT - FEDERAL FIRST QUARTER ACTIVITY

Location: 234-234 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F2QACT - FEDERAL SECOND QUARTER ACTIVITY

Location: 235-235 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F3QACT - FEDERAL THIRD QUARTER ACTIVITY

Location: 236-236 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F4QACT - FEDERAL FOURTH QUARTER ACTIVITY

Location: 237-237 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

AGNAME - AGENCY NAME

Location: 238-267 (width: 30; decimal: 0)

Variable Type: character

Text: This is the name of the agency.

CFIPS1 - FIPS COUNTY CODE-1

Location: 268-270 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS2 - FIPS COUNTY CODE-2

Location: 271-273 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS3 - FIPS COUNTY CODE-3

Location: 274-276 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS4 - FIPS COUNTY CODE-4

Location: 277-279 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS5 - FIPS COUNTY CODE-5

Location: 280-282 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

HC_FLAG - HATE CRIME INCIDENT PRESENT FLAG

Location: 283-283 (width: 1; decimal: 0)

Variable Type: numeric

Text: ICPSR added this variable to indicate whether at least one hate crime record is contained in the Incident Record File.

Value	Label
0	No hate crime incident present
1	Hate crime incident present

ICPSR 34583

Uniform Crime Reporting Program Data: Hate Crime Data, 2011 [Record-Type Files]

Incident-Record File

Variable Description

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

REC_IR - IR:RECORD TYPE

Location: 1-2 (width: 2; decimal: 0)

Variable Type: numeric

Text: Designates this as a hate crime incident record.

Value	Label
IR	Incident Record

STATNUM - NUMERIC STATE CODE

Location: 3-4 (width: 2; decimal: 0)

Variable Type: numeric

Text:
This is a two-digit value assigned to the state and is used to place the records in order by this value for FBI purposes. The codes are presented in state abbreviation order.

These codes are specific to the FBI. They are not the same as FIPS codes.

Value	Label
50	AK-Alaska
01	AL-Alabama
03	AR-Arkansas
54	AS-American Samoa
02	AZ-Arizona
04	CA-California
05	CO-Colorado
06	CT-Connecticut
52	CZ-Canal Zone
08	DC-District of Columbia
07	DE-Delaware
09	FL-Florida
10	GA-Georgia

47	WV-West Virginia
49	WY-Wyoming

ORI - ORIGINATING AGENCY IDENTIFIER

Location: 5-13 (width: 9; decimal: 0)

Variable Type: character

Text: This identifies the agency that is authorized to report crime data to the FBI.

ORIADDDT - DATE ORI WAS ADDED

Location: 14-21 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the UCR ORI was added or had update activity performed on it by UCR staff.

ORINIBRS - DATE ORI WENT NIBRS

Location: 22-29 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the ORI first began submitting incident-based data to the FBI. Will be blanks if the agency is not yet participating in NIBRS.

CITY - CITY NAME

Location: 30-59 (width: 30; decimal: 0)

Variable Type: character

Text: This is the mailing address city for this agency.

STATECOD - STATE (ALPHA) ABBREVIATION

Location: 60-61 (width: 2; decimal: 0)

Variable Type: character

Text:
This is the state abbreviation

See Numeric State Code for the corresponding numeric state codes as well as the alphabetic codes.

POPGRP - POPULATION GROUP

Location: 62-63 (width: 2; decimal: 0)

Variable Type: character

Text: This shows the population covered by the ORI. Group 0 is possessions; 1-7 are cities; 8-9 are counties. Sub-Group (position 75) is blank when not used. All populations are inclusive.

Value	Label
1	Cities 250,000+
1A	1,000,000+
1B	500,000-999,999
1C	250,000-499,999
2	100,000-249,999
3	50,000-99,999
4	25,000-49,999
5	10,000-24,999
6	2,500-9,999
7	Under 2,500
8	Non-SMSA counties
8A	100,000+
8B	25,000-99,999
8C	10,000-24,999
8D	Under 10,000
8E	State Police
9	SMSA counties
9A	100,000+
9B	25,000-99,999
9C	10,000-24,999
9D	Under 10,000
9E	State Police
0	U.S. Possessions

DIVISN - COUNTRY DIVISION

Location: 64-64 (width: 1; decimal: 0)

Variable Type: numeric

Text:
Geographic division in which the state is located (from 1 thru 9). The states comprising each division are as follows. The divisions are listed within region:

Possessions

Possessions: American Samoa, Canal Zone, Guam, Puerto Rico, Virgin Islands

Region I - Northeast

New England: Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont

Middle Atlantic: New Jersey, New York, Pennsylvania

Region II - North Central

East North Central: Illinois, Indiana, Michigan, Ohio, Wisconsin

West North Central: Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, South Dakota

Region III - South

South Atlantic: Delaware, District of Columbia, Florida, Georgia, Maryland, North Carolina, South Carolina, Virginia, West Virginia

East South Central: Alabama, Kentucky, Mississippi, Tennessee

West South Central: Arkansas, Louisiana, Oklahoma, Texas

Region IV - West

Mountain: Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, Wyoming

Pacific: Alaska, California, Hawaii, Oregon, Washington

Value	Label
0	Possessions
1	New England
2	Middle Atlantic
3	East North Central
4	West North Central
5	South Atlantic
6	East South Central
7	West South Central
8	Mountain
9	Pacific

REGION - COUNTRY REGION

Location: 65-65 (width: 1; decimal: 0)

Variable Type: numeric

Text: Geographic Region in which the Country Division is located. The States and Divisions comprising each Region are shown in Country Division above.

Value	Label
0	Outlying Areas

Value	Label
1	North East
2	North Central
3	South
4	West

AGINDIC - AGENCY INDICATOR

Location: 66-66 (width: 1; decimal: 0)

Variable Type: numeric

Text: Distinguishes counties and colleges and universities from the cities.

Value	Label
0	Covered - by Another Agency
1	City
2	County
3	University or College
4	State Police
5	Other agency
6	Other state agencies
7	Tribal
8	Federal

CORECTY - CORE CITY

Location: 67-67 (width: 1; decimal: 0)

Variable Type: character

Text: This designates if the agency is the core city of a Metropolitan Statistical Area (MSA).

Value	Label
Y	Yes
N	No

COVBYORI - COVERED-BY-ORI

Location: 68-76 (width: 9; decimal: 0)

Variable Type: character

Text: This is the ORI of the agency that submits crime data for the agency represented by the Batch Header. For example, a county will often submit a return which includes the crime data for a city within that county. This field is blank if the agency is not a "covered-by".

FIELDNO - FBI FIELD OFFICE

Location: 77-80 (width: 4; decimal: 0)

Variable Type: numeric

Text: The four-digit numeric code for the FBI field office whose territory covers the agency.

JUDDIST - JUDICIAL DISTRICT

Location: 81-84 (width: 4; decimal: 0)

Variable Type: character

Text: This is the code of the judicial district in which the agency is located. It is a three-digit numeric code followed by a letter which designates the region within the state.

Value	Label
nnnN	Northern
nnnS	Southern
nnnE	Eastern
nnnW	Western
nnnM	Middle
nnnC	Central
nnnA	All of the state

NBRSFLG - AGENCY NIBRS FLAG

Location: 85-85 (width: 1; decimal: 0)

Variable Type: character

Text: This designates whether the ORI in a state is an active NIBRS agency or inactive.

Value	Label
	Inactive
A	Active

INACTDTE - AGENCY INACTIVE DATE

Location: 86-93 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the agency became covered by another UCR agency and is no longer submitting UCR data. Will be blanks if the agency is not covered by another agency.

POP1 - CURRENT POPULATION-1

Location: 94-102 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY1 - UCR COUNTY CODE-1

Location: 103-105 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS1.

MSA1 - MSA CODE-1

Location: 106-108 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP1 - LAST POPULATION-1

Location: 109-117 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP2 - CURRENT POPULATION-2

Location: 118-126 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY2 - UCR COUNTY CODE-2

Location: 127-129 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS2.

MSA2 - MSA CODE-2

Location: 130-132 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP2 - LAST POPULATION-2

Location: 133-141 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP3 - CURRENT POPULATION-3

Location: 142-150 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY3 - UCR COUNTY CODE-3

Location: 151-153 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS3.

MSA3 - MSA CODE-3

Location: 154-156 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP3 - LAST POPULATION-3

Location: 157-165 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP4 - CURRENT POPULATION-4

Location: 166-174 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY4 - UCR COUNTY CODE-4

Location: 175-177 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS4.

MSA4 - MSA CODE-4

Location: 178-180 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP4 - LAST POPULATION-4

Location: 181-189 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

POP5 - CURRENT POPULATION-5

Location: 190-198 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population for the agency or the population of the portion of the agency which is located in this county.

COUNTY5 - UCR COUNTY CODE-5

Location: 199-201 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the UCR county code for the agency or the UCR county code for that portion of the agency which is located in the county. These codes are specific to the FBI. They are not the same as FIPS codes. The FIPS county code equivalent is located in variable CFIPS5.

MSA5 - MSA CODE-5

Location: 202-204 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located. These codes are specific to the FBI. They are not the same as FIPS codes.

LSTPOP5 - LAST POPULATION-5

Location: 205-213 (width: 9; decimal: 0)

Variable Type: numeric

Text: This is the population of the agency in the previous census.

MASTERYR - MASTER FILE YEAR

Location: 214-217 (width: 4; decimal: 0)

Variable Type: numeric

Text: This is the year of the data records for the hate crime master file requested.

QTR1ACT - STATE FIRST QUARTER ACTIVITY

Location: 218-218 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

QTR2ACT - STATE SECOND QUARTER ACTIVITY

Location: 219-219 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

QTR3ACT - STATE THIRD QUARTER ACTIVITY

Location: 220-220 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted

Value	Label
	No hate crime information

QTR4ACT - STATE FOURTH QUARTER ACTIVITY

Location: 221-221 (width: 1; decimal: 0)

Variable Type: character

Value	Label
Z	Zero-Report was submitted
I	Incident Report was submitted
	No hate crime information

F1QACT - FEDERAL FIRST QUARTER ACTIVITY

Location: 222-222 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F2QACT - FEDERAL SECOND QUARTER ACTIVITY

Location: 223-223 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F3QACT - FEDERAL THIRD QUARTER ACTIVITY

Location: 224-224 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

F4QACT - FEDERAL FOURTH QUARTER ACTIVITY

Location: 225-225 (width: 1; decimal: 0)

Variable Type: character

Value	Label
I	Incident Report was submitted
	No hate crime information

AGNAME - AGENCY NAME

Location: 226-255 (width: 30; decimal: 0)

Variable Type: character

Text: This is the name of the agency.

CFIPS1 - FIPS COUNTY CODE-1

Location: 256-258 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS2 - FIPS COUNTY CODE-2

Location: 259-261 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS3 - FIPS COUNTY CODE-3

Location: 262-264 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS4 - FIPS COUNTY CODE-4

Location: 265-267 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

CFIPS5 - FIPS COUNTY CODE-5

Location: 268-270 (width: 3; decimal: 0)

Variable Type: character

Text:
This variable contains the FIPS county code corresponding to the UCR county code in variable COUNTY1.

Federal Information Processing Standards (FIPS) publication FIPS 55 lists FIPS county codes and names.

IINCIDNO - INCIDENT NUMBER

Location: 271-282 (width: 12; decimal: 0)

Variable Type: character

Text: This is a unique case number assigned to the incident by the agency. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being disseminated.

INCIDDTE - INCIDENT DATE (YYYYMMDD)

Location: 283-290 (width: 8; decimal: 0)

Variable Type: numeric

Text: This is the date that the incident occurred.

DATASRC - DATA SOURCE

Location: 291-291 (width: 1; decimal: 0)

Variable Type: character

Text: This is the media by which the FBI received this incident.

Value	Label
D	Data entry form
F	Foppy diskette
N	NIBRS incident
S	Summary tape

QUARTER - QUARTER OF THE YEAR

Location: 292-292 (width: 1; decimal: 0)

Variable Type: numeric

Text: This is the quarter of the year the incident occurred.

Value	Label
1	January through March
2	April through June
3	July through September
4	October through December

TNUMVTMS - TOTAL NUMBER OF INDIVIDUAL VICTIMS

Location: 293-295 (width: 3; decimal: 0)

Variable Type: numeric

Text: This is the total number of individual victims of all offenses in this incident.

TNUMOFF - TOTAL OFFENDERS

Location: 296-297 (width: 2; decimal: 0)

Variable Type: numeric

Text: This is the total number of offenders in the incident. If this is "00", then nothing was known about the offenders involved, neither their race nor the number of offenders. Also, if this is "00", the offender race will be blank.

GOFFRAC - OFFENDERS RACE-AS A GROUP

Location: 298-298 (width: 1; decimal: 0)

Variable Type: character

Text: This is the race of the offenders as a group.

Value	Label
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
M	Multi-Racial Group
U	Unknown

OFFCOD1 - UCR OFFENSE CODE-1

Location: 299-301 (width: 3; decimal: 0)

Variable Type: character

Text: Up to 10 offense codes and the specifics for each offense are stored for each hate crime incident record.

Value	Label
09A	Murder/non-neg manslaughter
09B	Negligent manslaughter
09C	Justifiable homicide
100	Kidnapping/abduction
11A	Forcible rape
11B	Forcible sodomy

Background

Text:
BACKGROUND

A. Legislative Mandate to Report Hate Crimes

In response to a growing concern about hate crimes, on April 23, 1990, Congress enacted the Hate Crime Statistics Act of 1990 (hereafter The Act). The Act requires the Attorney General to establish guidelines and collect, as part of the Uniform Crime Reporting (UCR) Program, data about crimes that manifest evidence of prejudice based on race, religion, sexual orientation, or ethnicity, including where appropriate the crimes of murder and non-negligent manslaughter; forcible rape; aggravated assault, simple assault, intimidation; arson; and destruction, damage or vandalism of property. Hate crime data collection was required by The Act to begin in calendar year 1990 and continue for four succeeding years. Responsibilities of the Attorney General under The Act were delegated to the Director of the FBI. The FBI's UCR Program was assigned the task of developing the procedures for and managing the implementation of the collection of hate crime data. In September 1994, the Violent Crime Control and Law Enforcement Act amended the Hate Crime Statistics Act to add disabilities, both physical and mental, as factors that could be considered a basis for hate crimes. Although The Act originally mandated data collection for five years, the Church Arson Prevention Act of 1996 amended the collection duration for each calendar year, making hate crime statistics a permanent addition to the UCR Program. The Act, as amended, appears in Appendix I.

B. Developing a Collection Approach

The primary emphasis in developing an approach for collecting national hate crime statistics was to avoid placing major new reporting burdens on law enforcement agencies contributing data to the UCR Program. To accomplish this goal the following decisions were made:

1. The hate crime collection is an adjunct to the UCR collection. Hate crimes are not separate, distinct crimes, but rather traditional offenses motivated by the offender's bias. For example, an offender may commit arson because of his/her racial bias. It is, therefore, unnecessary to create a whole new crime category. To the contrary, hate crime data can be collected by merely capturing additional information about offenses already being reported to UCR.

2. The types of bias motivation to be reported are limited. There are, of course, many kinds of bias. Some of the more common kinds are those against race, religion, disability, sexual orientation, or ethnicity/national origin. But, there are also biases against rich people, poor people, men who wear long hair and/or beards, people who dress oddly, smokers, drinkers, people with diseases such as AIDS, motorcycle gangs, rock musicians, etc. The types of bias to be reported to the FBI's UCR Program are limited to those mandated by the enabling Act and its subsequent amendments, i.e., bias based on race, religion, disability, sexual orientation, or ethnicity. Because in the UCR Program, ethnicity has been limited to whether a person is or is not Hispanic, the term ethnicity/national origin was adopted to denote a broader meaning. (The definition of an ethnicity/national origin bias can be found below.) Although there were no comprehensive statistics on the incidence of hate crimes, the limited statistics gathered in existing local and state hate crime programs indicated that the number of hate crimes reported annually throughout the United States should not constitute a major reporting burden. Hate crime reporting should not, therefore, require large new commitments of personnel and other resources by local, state, and federal UCR data contributors.

Definitions

Text:
DEFINITIONS

To ensure uniformity in reporting nationwide, the following definitions have been adopted for use in hate crime reporting:

Bias - A preformed negative opinion or attitude toward a group of persons based on their race, religion, disability, sexual orientation, or ethnicity/national origin.

Bias Crime - A criminal offense committed against a person or property which is motivated, in whole or in part, by the offenders bias against a race, religion, disability, sexual orientation, or ethnicity/national origin; also known as Hate Crime.

Note: Even if the offender was mistaken in his/her perception that the victim was a member of the group he or she was acting against, the offense is still a bias crime because the offender was motivated by bias against the group.

Bisexual - (adjective) Of or relating to persons who experience sexual attraction toward and responsiveness to both males and females; (noun) a bisexual person.

Disability Bias - preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

Disabled - (adjective) Of or relating to persons who have physical or mental impairments/ challenges, whether temporary or permanent, due to conditions that are congenital or acquired by heredity, accident, injury, advanced age, or illness; (noun) a disabled person.

Ethnicity/National Origin Bias - preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs, and traditions, e.g., Arabs, Hispanics.

Gay - (adjective) Of or relating to males who experience a sexual attraction toward and responsiveness to other males; (noun) a homosexual male.

Hate Crime - Bias Crime.

Hate Group - An organization whose primary purpose is to promote animosity, hostility, and malice against persons belonging to a race, religion, disability, sexual orientation, or ethnicity/national origin which differs from that of the members of the organization, e.g., the Ku Klux Klan, American Nazi Party.

Heterosexual - (adjective) Of or relating to persons who experience a sexual attraction toward and responsiveness to members of the opposite sex; (noun) a heterosexual person.

Homosexual - (adjective) Of or relating to persons who experience a sexual attraction toward and responsiveness to members of their own sex; (noun) a homosexual person.

Lesbian - (adjective) Of or relating to females who experience a sexual attraction toward and responsiveness to other females; (noun) a homosexual female.

National Incident-Based Reporting System (NIBRS) - A unit-record reporting system which is being implemented to replace the traditional UCR Summary Reporting System (SRS). NIBRS provides for expanded collection and reporting of offenses and arrests and their circumstances.

Racial Bias - A preformed negative opinion or attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features; etc...genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks, whites.

Religious Bias - A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

Sexual-Orientation Bias - A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex, e.g., gays, lesbians, heterosexuals.

Summary Reporting System (SRS) - The traditional tally system which has been used since 1930 to collect UCR data.

Text:
CRITERIA OF HATE CRIME

A. Bias Motivation

The object of the data collection is to indicate whether the offender was motivated to commit the offense because of his/her bias against a racial, religious, disability, sexual-orientation, or ethnic/national origin group. Because of the difficulty of ascertaining the offender's subjective motivation, bias is to be reported only if investigation reveals sufficient objective facts to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias. The specific types of bias to be reported follow:

Racial Bias:

Anti-White

Anti-Black

Anti-American Indian/Alaskan Native

Anti-Asian/Pacific Islander

Anti-Multi-Racial Group

Disability Bias:

Anti-Physical Disability

Anti-Mental Disability

Sexual-Orientation Bias:

Anti-Male Homosexual (Gay)

Anti-Female Homosexual (Lesbian)

Anti-Homosexual (Gay and Lesbian)

Anti-Heterosexual

Anti-Bisexual

Religious Bias:

Anti-Jewish

Anti-Catholic

Anti-Protestant

Anti-Islamic (Moslem)

Anti-Other Religion (Buddhism,Hinduism, Shintoism, etc.)

Anti-Multi-Religious Group

Anti-Atheism/Agnosticism

Ethnicity/National Origin Bias:

Anti-Hispanic

Anti-Other Ethnicity/National Origin

B. Objective Evidence that the Crime was Motivated by Bias

An important distinction must be made when reporting a hate crime. The mere fact that the offender is biased against the victim's race, religion, disability, sexual orientation, and/or ethnicity/national origin does not mean that a hate crime was involved. Rather, the offender's criminal act must have been motivated, in whole or in part, by his/her bias.

Because motivation is subjective, it is difficult to know with certainty whether a crime was the result of the offender's bias. Therefore, before an incident can be reported as a hate crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias. While no single fact may be conclusive, facts such as the following, particularly when combined, are supportive of a finding of bias:

1. The offender and the victim were of different race, religion, disability, sexual orientation, and/or ethnicity/national origin. For example, the victim was black and the offender was white.

2. Bias-related oral comments, written statements, or gestures were made by the offender which indicate his/her bias. For example, the offender shouted a racial epithet at the victim.

3. Bias-related drawings, markings, symbols, or graffiti were left at the crime scene. For example, a swastika was painted on the door of a synagogue.

4. Certain objects, items, or things which indicate bias were used. For example, the offenders wore white sheets with hoods covering their faces or a burning cross was left in front of the victim's residence.

5. The victim is a member of a racial, religious, disability, sexual-orientation, or ethnic/national origin group which is overwhelmingly outnumbered by other residents in the neighborhood where the victim lives and the incident took place. This factor loses significance with the passage of time; i.e., it is most significant when the victim first moved into the neighborhood and becomes less and less significant as time passes without incident.

6. The victim was visiting a neighborhood where previous hate crimes were committed against other members of his/her racial, religious, disability, sexual-orientation, or ethnic/national origin group and where tensions remained high against his/her group.

7. Several incidents occurred in the same locality, at or about the same time, and the victims were all of the same race, religion, disability, sexual orientation, or ethnicity/national origin.

8. A substantial portion of the community where the crime occurred perceived that the incident was motivated by bias.

9. The victim was engaged in activities promoting his/her race, religion, disability, sexual orientation, or ethnicity/national origin. For example, the victim was a member of the NAACP or participated in gay rights demonstrations.

10. The incident coincided with a holiday or a date of particular significance relating to a race, religion, disability, sexual orientation, or ethnicity/national origin, e.g., Martin Luther King Day, Rosh Hashanah.

11. The offender was previously involved in a similar hate crime or is a hate group member.

12. There were indications that a hate group was involved. For example, a hate group claimed responsibility for the crime or was active in the neighborhood.

13. A historically established animosity existed between the victim's and the offender's groups.

14. The victim, although not a member of the targeted racial, religious, disability, sexual-orientation, or ethnic/national origin group, was a member of an advocacy group supporting the precepts of the victim group.

C. Cautions

1. Need for Case-by-Case Assessment of the Facts - The aforementioned factors are not all-inclusive of the types of objective facts which evidence bias motivation. Therefore, reporting agencies must examine each case for facts which clearly provide evidence that the offender's bias motivated him/her to commit the crime.

2. Misleading Facts - Agencies must be alert to misleading facts. For example, the offender used an epithet to refer to the victim's race, but the offender and victim were of the same race.

3. Feigned Facts - Agencies must be alert to evidence left by the offenders which is meant to give the false impression that the incident was motivated by bias. For example, students of a religious school vandalize their own school, leaving anti-religious statements and symbols on its walls in the hope that they will be excused from attending class.

4. offender's Mistaken Perception - Even if the offender was mistaken in his/ her belief that the victim was a member of a racial, religious, disability, sexual-orientation, or ethnic/national origin group, the offense is still a hate crime as long as the offender was motivated by bias against that group. For example, a middle-aged, non-gay man walking by a bar frequented by gays was attacked by six teenagers who mistakenly believed the victim had left the bar and was gay. Although the offenders were wrong on both counts, the offense is a hate crime because it was motivated by the offenders? anti-gay bias.

5. Changes in Findings of Bias - If, after an initial incident report was submitted, a contrary finding regarding bias occurs, the national file must be updated with the new finding. For example, if an initial finding of no bias was later changed to racial bias or a finding of racial bias was later changed to religious bias, the change should be reported to the FBI's UCR Program.

Examples

Text:
EXAMPLES

A. While driving through a predominantly Mexican-American neighborhood, a black male stopped his car to repair a flat tire. A group of Mexican-Americans leaving a bar across the street accosted the driver and then attacked him with bottles and clubs. During the attack, the offenders called the victim by a well-known and recognized epithet used against blacks and told him that blacks were not welcome in the neighborhood. This incident would be reported as Anti- Black because the victim and offenders are of different races, the offenders used a racial epithet, and the facts reveal no other reason for the attack than the stated one, i.e., to keep blacks out of the neighborhood.

B. A white juvenile male snatched a Jewish woman's purse, and in doing so, knocked her down and called her by a well-known and recognized epithet used against Jews. The offender's identity is not known. Although the offender used an epithet for Jews, it is not known whether he belongs to another religious group or whether his motive was anything more than robbery. Because the facts are ambiguous, agencies should not report this incident as bias motivated.

C. Overnight, unknown persons broke into a synagogue and destroyed several religious objects. The perpetrators drew a large swastika on the door and wrote Death to Jews on a wall. Although valuable items were present, none were stolen. This incident should be reported as Anti-Jewish because the offenders destroyed religious objects, left anti-Semitic words and graffiti behind, and theft did not appear to be the motive for the burglary.

D. A 29-year-old Japanese-American male was attacked by a 51-year-old white male wielding a tire iron. The victim suffered severe lacerations and a broken arm. The incident took place in a parking lot next to a bar. Investigation revealed that the offender and victim had previously exchanged racial insults in the bar, the offender having initiated the exchange by calling the victim by a well-known and recognized epithet used against the Japanese and complaining that the Japanese were taking away jobs from Americans. An Anti-Asian/Pacific Islander offense would be reported based on the difference in race of the victim and offender, the exchange of racial insults, and the absence of other reasons for the attack.

E. An adult white male was approached by four white teenagers who requested money for the bus. When he refused, one of the youths said to the others, Let's teach this [epithet for a gay person] a lesson. The victim was punched in the face, knocked to the ground, kicked several times, and robbed of his wristwatch, ring, and wallet. When he reported the crime, the victim advised he did not know the offenders and that he was not gay. The facts are ambiguous. Although an epithet for a gay person was used by one of the offenders, the victim was not gay. Such epithets are sometimes used as general insults regardless of the target person's sexual orientation, and in this case the offenders? motivation appeared to be limited to obtaining money from the victim. Therefore, the incident would not be designated bias motivated.

F. A small neighborhood bar frequented by gays burned down after being closed for the night. Investigation revealed that the fire was deliberately set, but there were no witnesses or suspects. Although the fire was deliberately set, the fact that the bar was frequented by gays may have been coincidental. Therefore, the incident should not be reported as bias motivated. Two weeks later, three white adult males were arrested on a tip from an informant. They admitted burning down the bar, saying they did it to keep gays out of the neighborhood. As a result, this incident should now be reported as a bias crime.

G. Six black men assaulted and seriously injured a white man and his Asian male friend as they were walking through a residential neighborhood. Witnesses said that the victims were attacked because they were trespassing in a black neighborhood. An Anti-Multi-Racial Group bias incident should be reported because the victims and offenders were of different races, and witnesses reported that the victims were attacked because they were not black.

H. Overnight, an auditorium which was being used by representatives of several religious denominations to hold an ecumenical conference was vandalized by unknown subjects. Extensive damage was caused and statements, such as There is but one true religion and Down with the nonbelievers, were spray painted onto the walls. An Anti-Multi-Religious Group incident should be reported because the offenders clearly evidenced their hostility against a group representing more than one religion.

I. A group home for persons with psychiatric disabilities who were in transition back into the community was the site of a reported arson. Apparently, neighbors had expressed many concerns about the group home and were angry that the house was located in their community. Shortly before the fire was reported, a witness heard a white male state, I'll get rid of those ?crazies.? I'll burn them out. An Anti-Mental Disability incident should be reported because the suspect apparently committed the crime because of his bias against persons with psychiatric disabilities.

Submitting Hate Crime Data

Text:
SUBMITTING HATE CRIME DATA TO THE FBI's UCR PROGRAM

There are two (2) formats for reporting hate crime data to the FBI's UCR Program the Quarterly Hate Crime Report and a hate crime data element for NIBRS participants.

A. Quarterly Hate Crime Report

The Quarterly Report is to be submitted in addition to other UCR Program requirements; i.e., the offenses which are reported using the form must also be reported in accordance with the requirements of the SRS or NIBRS, depending on which system is applicable.

1. Who submits Quarterly Hate Crime Reports? - Those who submit Quarterly Hate Crime reports are (a) agencies participating in the SRS, and (b) agencies participating in NIBRS that are not ready to include the hate crime data element in their submissions.

2. How are the data transmitted? - (a) Agencies may submit hard copy forms; (b) State UCR Programs which transmit agencies? data may obtain magnetic tape specifications from the UCR Program in order to include hate crime data as part of their regular submissions, either summary or NIBRS, if the hate crime data element has not yet been incorporated; or (c) individual agencies or state UCR Programs using personal computers for the collection and storage of hate crime data may obtain floppy disk specifications from the FBI's UCR Program for the purpose of submitting data.

3. What does the Quarterly Report look like? - A sample of the form titled Quarterly Hate Crime Report is included in Appendix II. It consists of a quarterly summary report and an incident report for each bias incident.

4. What offenses are to be reported? - The form is to be used to report the following offense categories:

Murder and Non negligent Manslaughter

Forcible Rape

Robbery

Aggravated Assault

Burglary

Larceny-theft

Motor Vehicle Theft

Arson

Simple Assault

Intimidation

Destruction, Damage, or Vandalism of Property

The definitions of these offenses for SRS purposes can be found in Appendix III.

5. Additional Instructions - The following additional instructions are applicable to agencies submitting Quarterly Reports:

a. Simple Assault and Intimidation - In the SRS, Simple Assault and Intimidation are not reported separately. Both are reported on the Return A-Monthly Return of Offenses Known to the Police form as Other Assaults-Simple, Not Aggravated. For the purpose of hate crime reporting, SRS agencies should report Simple Assault and Intimidation separately using the definitions found in Appendix III.

b. Destruction, Damage, or Vandalism of Property - In the SRS, Destruction, Damage, or Vandalism of Property are reported only when arrests occur. They are then reported on the appropriate Age, Sex, and Race of Persons Arrested form for persons either under 18 years of age or 18 years of age and over. Vandalism is reported on the forms as Vandalism, but Destruction of Property and Damage to Property may be reported as either Vandalism or All Other Offenses, depending on the facts of the case. However, all three should be reported on the hate crime reporting form as Destruction/Damage/Vandalism of Property regardless of whether arrests have taken place. The offense is defined in Appendix III.

c. Non applicability of the Hierarchy Rule - In the SRS under the Hierarchy Rule, only the most serious Part I offense in a multiple-offense incident is to be reported. However, for hate crime reporting purposes, all of the offenses listed in number 4 above which were identified as bias motivated and occurred during the incident should be reported on the hate crime reporting form.

d. Multiple-page Submission - Should it become necessary to submit multiple pages for one incident in order to list more than six (6) different offenses, the FBI's UCR Program will relate the pages by the common incident number and Page __ of __ designation.

e. UCR Offense and Code Segment - The number of victims involved in each offense code where bias/hate motivation has been determined should be listed.

In the event of multiple offense codes and victims, only those where bias/ hate motivation exists should be listed. Do not list an offense code and its victims when the motivation is clearly not bias motivated or when the motivation is unknown.
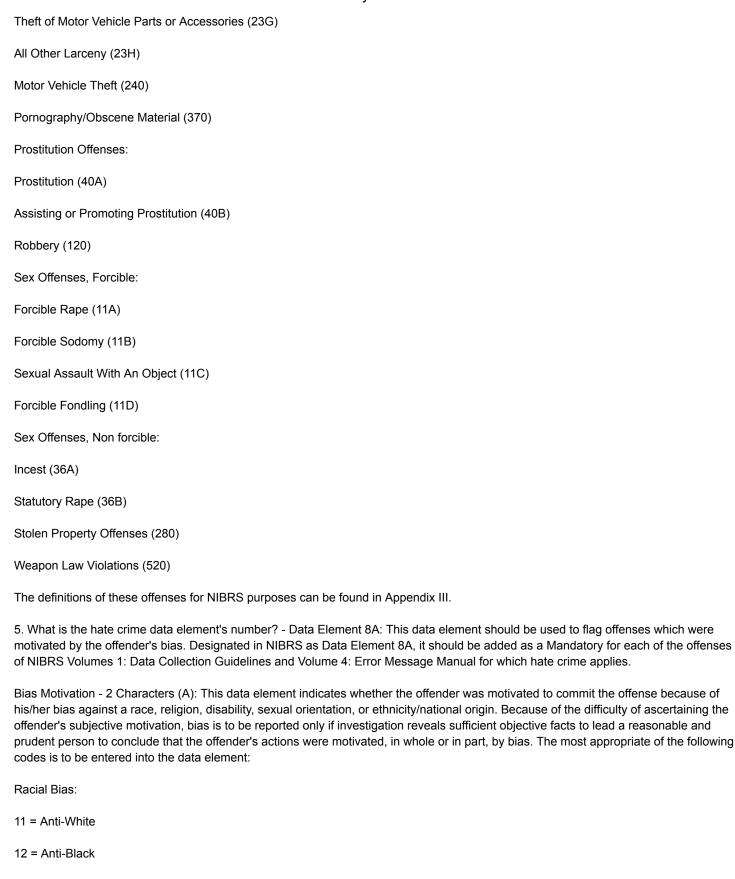

For example, a robbery occurred at a bar and its patrons were robbed by two offenders. During the robbery, a female Asian patron was raped by one of the offenders. Subsequent investigation reveals that while the robbery motive did not involve bias, the rape was bias motivated. Therefore, only the rape should be reported as a hate crime.

f. Updating - For updating purposes, a copy of the report should be retained by the agency. Corrections/updates should be accomplished by submitting a photocopy of the original form with changes shown and adjustment marked at the top or by sending a corrected Incident Report on either the disk or tape submission. Incidents can be deleted by simply identifying them on the Quarterly Summary Page.

B. NIBRS Hate Crime Reporting

1. Who submits hate crime data in the NIBRS format? - Agencies participating in NIBRS which are able to include the hate crime data element in their magnetic tape submissions contribute their data in the NIBRS format.

2. How are the data transmitted? - The data element addressing Bias Motivation has been incorporated with the other NIBRS data which are all submitted on magnetic tape as an integral part of NIBRS participation. Quarterly Reports are not necessary for NIBRS participants.

3. Where should the hate crime data element be located on the magnetic tapes? - It should be entered at the end of the Offense Segment (Level 2).

4. To which offenses does the hate crime data element apply? - The hate crime data element applies to all Group A offenses. They are listed below. (The numbers in parentheses are UCR Offense Codes.)

Arson (200)

Assault Offenses:

Aggravated Assault (13A)

Simple Assault (13B)

Intimidation (13C)

Bribery (510)

Burglary/Breaking and Entering (220)

Counterfeiting/Forgery (250)

Destruction/Damage/Vandalism of Property (290)

Drug/Narcotic Offenses:

Drug/Narcotic Violations (35A)

Drug/Equipment Violations (35B)

Embezzlement (270)

Extortion/Blackmail (210)

Fraud Offenses:

False Pretenses/Swindle/Confidence Game (26A)

Credit Card/Automated Teller Machine Fraud (26B)

Impersonation (26C)

Welfare Fraud (26D)

Wire Fraud (26E)

Gambling Offenses:

Betting/Wagering (39A)

Operating/Promoting/Assisting Gambling (39B)

Gambling Equipment Violations (39C)

Sports Tampering (39D)

Homicide Offenses:

Murder and Non negligent Manslaughter (09A)

Negligent Manslaughter (09B)

Justifiable Homicide (09C)

Kidnaping/Abduction (100)

Larceny/Theft Offenses:

Pocket-picking (23A)

Purse-snatching (23B)

Shoplifting (23C)

Theft From Building (23D)

Theft From Coin-Operated Machine or Device (23E)

Theft From Motor Vehicle (23F)

Theft of Motor Vehicle Parts or Accessories (23G)

All Other Larceny (23H)

Motor Vehicle Theft (240)

Pornography/Obscene Material (370)

Prostitution Offenses:

Prostitution (40A)

Assisting or Promoting Prostitution (40B)

Robbery (120)

Sex Offenses, Forcible:

Forcible Rape (11A)

Forcible Sodomy (11B)

Sexual Assault With An Object (11C)

Forcible Fondling (11D)

Sex Offenses, Non forcible:

Incest (36A)

Statutory Rape (36B)

Stolen Property Offenses (280)

Weapon Law Violations (520)

The definitions of these offenses for NIBRS purposes can be found in Appendix III.

5. What is the hate crime data element's number? - Data Element 8A: This data element should be used to flag offenses which were motivated by the offender's bias. Designated in NIBRS as Data Element 8A, it should be added as a Mandatory for each of the offenses of NIBRS Volumes 1: Data Collection Guidelines and Volume 4: Error Message Manual for which hate crime applies.

Bias Motivation - 2 Characters (A): This data element indicates whether the offender was motivated to commit the offense because of his/her bias against a race, religion, disability, sexual orientation, or ethnicity/national origin. Because of the difficulty of ascertaining the offender's subjective motivation, bias is to be reported only if investigation reveals sufficient objective facts to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias. The most appropriate of the following codes is to be entered into the data element:

Racial Bias:

11 = Anti-White

12 = Anti-Black

13 = Anti-American Indian/Alaskan Native

14 = Anti-Asian/Pacific Islander

15 = Anti-Multi-Racial Group

Religious Bias:

21 = Anti-Jewish

22 = Anti-Catholic

23 = Anti-Protestant

24 = Anti-Islamic (Moslem)

25 = Anti-Other Religion (Buddhism, Hinduism, Shintoism, etc.)

26 = Anti-Multi-Religious Group

27 = Anti-Atheist/Agnostic

Ethnicity/National Origin Bias:

32 = Anti-Hispanic

33 = Anti-Other Ethnicity/National Origin

Sexual-Orientation Bias:

41 = Anti-Male Homosexual (Gay)

42 = Anti-Female Homosexual (Lesbian)

43 = Anti-Homosexual (Gay and Lesbian)

44 = Anti-Heterosexual

45 = Anti-Bisexual

Disability Bias:

51 = Anti-Physical Disability

52 = Anti-Mental Disability

None/Unknown [NIBRS Magnetic Tape Submissions Only]:

88 = None (no bias)

99 = Unknown (offender's motivation not known)

Note: In NIBRS, incidents which do not involve any facts indicating bias motivation on the part of the offender are to be coded as 88 = None, while incidents involving ambiguous facts (i.e., where some facts are present but are not conclusive) should be coded 99 = Unknown. Agencies that do not report through NIBRS should not submit hard copy reports for either type of incident.
